Why Go to a Professional Studio for your Senior Pictures?

Chances are, the last time you had professional portraits taken was when you were a young child. And the next occasion will probably be your wedding!

These days, anyone can take a cute snapshot with their own camera or phone. Your senior photographs are *too important* of a milestone to have friends or relatives with limited photographic knowledge take them.

When you come to our fabulous indoor and outdoor studios (everything in one great location), it is my mission to create the most flattering, beautifully posed and lit portraits you have ever had taken, while feeling relaxed and having fun! After your session, our Photoshop expertise will turn your photos into one-of-a-kind images that you, your friends, and your family will cherish for a lifetime. Your portraits will be printed on high quality archival paper that doesn't fade. A quality, high resolution yearbook image will be sent to your high school.

Sure, you will also get files for Facebook and social media use, because we know that's what seniors want! But years from now, when those computer images are long gone, your professional portraits will still be enjoyed by your loved ones.

This is also the perfect time to take advantage of the Free Family Portrait Session offered to every senior before you head off to college.
