Why Go to a Professional Studio for your Senior Pictures?

Many people these days just have a friend or relative take their senior photos. Images are rarely printed: they appear (and then disappear) on a computer or a phone! Why not make an investment that will truly last a lifetime?

When you come to my studio, I will work very closely with you and your child to capture their personality and strive to produce beautiful, natural, unique portraits. Clients continually tell me their son or daughter felt very comfortable, important and happy while they were here - and the photographs convey that.

During my sessions, I take a large variety of photos that high school seniors, their parents and their grandparents will love! This includes both classic and modern poses (and always a few fun, new techniques to try), and always good posing and lighting to flatter the subject. I truly appreciate that you have decided to celebrate this important milestone, and I guarantee you will be glad that you chose my studio. Jan Kentala

The session fee, payable by credit card, is required when you call to reserve your date.

Parents are encouraged and welcome to stay!
